**Embrace Difference**

# Our rules

- Have **respect** for everyone
- **Listen** to each other's ideas
- Keep things in this room
- Work **together**
- Understand this is a safe space to make "mistakes"

Please ask questions!

# Question Box

# Today we are learning...

...about what makes a family.

...about our own families and other people's families.

... about the importance of love and respect.

# Families & Relationships

**1. In your groups, decide if you want to draw an imaginary family or an animal family.**

*(for example, the penguin family from the book or make up a completely different animal family – maybe unicorns!).*

**2. Each group will be given one sheet of paper. As a group draw the family you've chosen but it has to be different to each of your own families.**

*(for example, if someone has two brothers, their imaginary family shouldn't consist of two brothers but perhaps a brother and step brother).*

**3. After drawing them, label who they are to one another.**

*(for example, brother, step sister, best friend, pet).*

**4. Once you have finished drawing and labelling the family, write something about them.**

*(for example, what they like to do in their own time, if they're funny, are they older or younger than you, do you play in the house together).*

# Question time

Everyone needs to write down a question or a comment on their post-it note.

You will then put it into the box.

**No one will know who has asked which question.**

We will answer as many as we can!

# Now ...

... I can explain what makes a family.

... I can describe my own family.

... I can explain what love and respect mean and reasons why they are important.
